

Fifth Third Bank Health Savings Account

A Smarter Way to Manage Healthcare Costs

Now that you're participating in the High Deductible Health Plan (HDHP), enrolling in the Fifth Third Bank Health Savings Account (HSA) makes good financial sense.

That's because your HSA gives you a designated place to save money for medical expenses,¹ which are often unexpected. With an HSA, you'll have greater peace of mind, knowing that funds will be available when you need them to make paying your medical bills easier.

You can use your HSA for a wide range of qualified medical expenses, including doctors' office visits, orthodontics, prescription medication, and even contact lenses.

With your HSA, you're in control of your healthcare costs. You decide how much to contribute to your account, based on annual contribution limits, and what expenses you want to pay for.

Plus, managing your account is easy with 24/7 online access at [53hsa.com](https://www.53hsa.com), where you can check your balance, transfer funds, pay for medical expenses, and more.

Start funding a healthy future today by enrolling in your HSA at [53hsa.com](https://www.53hsa.com). If you have any questions, please contact Fifth Third customer service at 1-888-350-5353 or visit [53hsa.com](https://www.53hsa.com).

Sincerely,

Your HSA offers you such great financial advantages as:

Triple tax advantage:²

- Contributions are made pre-tax
- Interest/investment earnings on the account are not taxable
- Taxes are not paid upon withdrawal of funds, as long as they're used for an eligible medical expense¹

Unused money rolls over from year to year - there's no "use it or lose it" policy

Your account is portable - it moves with you when you change medical plans, change employers, or retire
