

FIFTH THIRD BANK

# 100% Renewable Power

Fifth Third has signed a contract to achieve 100% solar power by the end of this year!

That's about

# 194,000

Megawatt Hours  
of clean energy per year!

That's the same as:

powering  
**22,000**  
homes

growing  
**4 million**  
seedlings for  
10 years

eliminating  
**144,000**  
metric tons of  
greenhouse gas  
emissions

avoiding  
**800**  
railcars of  
coal

switching nearly  
**5 million**  
incandescent  
lamps to LEDs

This is sustainability a  
**Fifth Third better.**<sup>SM</sup>
